

TECHNICAL DATA SHEET
QUAD_{ro}
Mini Dumper

The New "Benchmark" for
PowerBarrows

The QUADro Mini Dumper offers a compact alternative for material handling and landscaping. For heavy loads the QUADro offers a large skip capacity which is well balanced for easy maneuverability. Robustly built to take the knocks and strains of building materials with heavy-duty tires for the toughest terrains. With efficient hydrostatic braking the QUADro copes with the heaviest loads on the steepest inclines.

- A true all-wheel drive powered wheelbarrow
- Hydrostatic controls for smooth operation
- 100% fail safe braking to all 4 wheels
- Large capacity skip 990 lbs.
- Lowest hand-arm vibration for 8 hrs usage time
- Powered by professional quality Honda GX engine
